

A Substance Abuse Treatment Program That Eliminates Cravings For a Better Chance of Success

- A CARF-accredited, multi-disciplinary treatment hospital for substance abuse
- Full medical detox
- 65% success rate for treating alcoholism
- 10-day medical treatment program run by medical doctors
- Doctors on site seven days a week with 24/7 nursing
- Counter-conditioning treatment modality used to stop cravings in the brain which results in a loss of interest in alcohol
- Program includes conscious sedation to uncover underlying issues, six hours of one-on-one counseling and 30 hours of group education
- Individual continuing care plan developed prior to discharge which includes referrals to support groups, therapists and other clinicians as needed
- 30- and 90-day follow-up sessions
